

19th June 2023

TO: ALL BIDDERS

ADDENDUM 1: CLARIFICATION

RE: TENDER SUPPLY AND DELIVERY OF 20" SPIRAL WELDED STEEL PIPES FOR BARINGO SILALI GEOTHERMAL PROJECT - TENDER NO. GDC/INFRA/OT/062/2022-2023

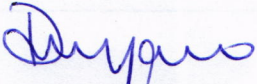

In response to the request for clarification, GDC wishes to respond as follows;

No.	Bidders Query	GDC Response
1.	We request clarity on the pipe dimensions due to conflicting specifications in the tender document. Page 51 and page 55.	The correct specification is as page 51 of the tender document i.e. 20" Spiral welded steel pipes 508mm Outside Dia. Minimum wall thickness=5.5 mm 12m long per pipe Surface: Mill finish End: Plain Ended Type: HS Total Length = 12m x 60pc=720m Specification ASTM 139 or equivalent. In addition, bidders Must provide brochures/catalogues in English language to confirm that the items quoted conform to GDC specification.
2.	According to the evaluation of the technical aspects of the tender, You have indicated. "That the water accessories they will supply are new". Please provide additional information on these accessories since tender is for spiral welded pipes.	Page 24 of the tender document should read as follows; Functional Guarantee Tenderers to provide a written undertaking in company's letterhead duly signed and stamped detailing that the 20" Spiral Welded Steel Pipes they will supply are new & unused and has a warranty of Minimum 12 months from the date of acceptance of goods by GDC

Dm

All other requirements/instructions including the tender closing date of 27th June 2023 at 11.00am remain unchanged.

Yours faithfully,

DORIS KYAKA
MANAGER, SUPPLY CHAIN
