To: All Bidders

Dear Sir/Madam,

ADDENDUM 1: CLARIFICATION & EXTENSION OF TENDER CLOSING DATE

RE: TENDER FOR PROVISION OF MAINTENANCE SERVICES OF 3000KA GENERATORS AT BARINGO-SILALI WATER SUPPLY PROJECT FOR A PERIOD OF TWO (2) YEARS – TENDER NO. GDC/INFRA/OT/028/2021-2022

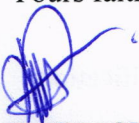

In response to bidder's request for clarification, GDC wishes to provide the following clarification;

No.	Bidders Question	GDC's Response
1.	Provide the estimated annual consumption of your listed spares in Schedule 4 (Other parts) for the 3 MTU engines. Shipping the whole list as a single consignment is cheaper than an item at a time and so this affects unit price quoted.	This is a frame work contract where the spares will be requested when required "on need basis".
2.	Consider extension of closing date	The tender closing date has been extended from 7th January, 2022 to 13th January, 2022 at 2.00Pm.
3.	Consider accepting submission of bids in electronic form by email.	Electronic submission of bid is not acceptable. Bidders Must submit their bids in sealed envelopes clearly marked with tender name and tender reference number and be deposited in the Tender Box at GDC Kawi House Office Ground Floor, located at South C Bellevue ,Off Mombasa Road, Red Cross Road
4.	Consider payment of completed work 30 days after invoicing.	The payment terms remains as stated in the tender document, Section IX – Special Conditions of Contract.
5.	Remove requirement for Tender Security.	The requirements to submit an original tender security of Ksh 300,000.00 remains as provided in the tender document.

6.	Generator works can only be done by Contractors registered by EPRA class A1 or A2. Please insert this requirement as a mandatory requirement so that GDC doesn't violate the EPRA and Electrical Installation works laws.	Maintenance of the generators is mechanical and not electrical hence EPRA licensing is not necessary.
