

02<sup>nd</sup> November 2022

REF: GDC/MS/005/22-23/dk-bo

**TO: All Bidders**

Dear Sir/Madam,

**ADDENDUM 2 : AMENDMENT/CLARIFICATION**

**RE: TENDER FOR SUPPLY & DELIVERY OF RIG BRIDLE LINES FOR BARINGO SILALI GEOTHERMAL PROJECT. TENDER NO. GDC/DO/OT/014/2022:2023**

In response to bidder's request for clarification, GDC wishes to provide the following response;

No	Tenderer Query	GDC Response
1.	According to ITT 18.1 Tender Security in the amount of Kshs. 500,000 is required for this tender. However, according to section III – preliminary evaluation No. 3, a tender security of 300,000 is required. Kindly clarify.	The tender Security amount is Kshs. 300,000 for this tender.
2.	According to technical specification, Mast Bridle line wire rope with Diameter 72mm, Length 61.8m, 6X19, IPS, Preformed, IWRC, RRL, nongalvanized is required. However, the manufacturer is pointing out that these wire ropes ( <b>6X19, IPS, Preformed, IWRC, RRL, nongalvanized</b> ) for Mast Bridle line and ( <b>6X37, IPS, Preformed, IWRC, RRL, nongalvanized</b> ) for Substructure bridle line is an outdated technology. They are providing the <b>updated version/technology</b> of the Mast and the Substructure Bridle Lines with the <b>same dimensions</b> . Will you accept the updated technology/version of the wire ropes? Kindly advise.	The bridle lines must meet the specifications provided. Bridle lines of higher quality are highly encouraged.

NB: All other instructions remain unchanged.

Yours faithfully,

**DORIS KYAKA**  
**MANAGER, SUPPLY CHAIN**  
**FOR: GEOTHERMAL DEVELOPMENT COMPANY**
