

14th February 2023

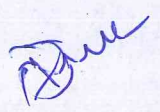

TO: ALL BIDDERS

ADDENDUM 1: CLARIFICATION & EXTENSION OF TENDER CLOSING DATE

RE: TENDER FOR SUPPLY AND INSTALLATION OF AUXILIARY POWER SYSTEM FOR BARINGO SILALI WATER SUPPLY SYSTEM – REF: GDC/INFRA/OT/045/2022:2023

In response to the request for clarification and extension of closing date, GDC wishes to respond as follows;

No.	Bidders Query	GDC Response
1.	Considering the Generator will be movable and mobile, should we consider a provision and quote for manual changeover/transfer unit to be installed permanently at all the three locations to enable ease of mobile genset hook-up?	Manual Changeover/transfer units shall be installed permanently at all the three-pump station locations
2.	Kindly provide us with a sketch /drawing of the existing system and required hookup points at the three locations?	Typical layout SLD for the stations is attached be provided attached to guide the bidders only. Bidder to provide a proposal as per the technical specifications.
3.	Kindly provide us with the required Genset plinth area structural drawings, or clarify if we should develop on our own?	Bidders to develop own plinth designs & drawings as per site conditions provided during site visit.
4.	Kindly clarify if the cables will be mobile or permanently terminated to the existing systems at both the three locations? which means we shall provide cabling for all the three locations.	Cables will be provided for all the three pumping stations/locations.
5.	In the tender document, the required sound level for the silencers is indicated as ≤ 10 dB. Most gensets of this size have a 90 dBA at 1 meters, or 75dBA at 7 meters, we seek clarification for the required sound pressure levels.	The required sound level 60-80dBA at 7m

6.	Will the tenderer be required to install the vacuum contactors, or is it supply only? If installation is required, kindly assist with the site SLD to give us guidance.	The vacuum contactors will not be installed by the bidder. Bidders to provide their proposal as per the requirements provided
7.	It was mentioned on site that lightning arrestors should be installed. This item not included in the tender document.	Lightning arrestors shall be included as part of installations costs in the bid proposal.
8.	In view of the distance from the main road to the sites, are labour camps allowed while carrying out the installations?	Bidders shall make their own camping/accommodation arrangements for their teams.
9.	Request for Extension of Closing Date	The tender closing date is hereby extended from 16 th February 2023 to Tuesday 21st of February 2023 at 2.00Pm.

All other requirements/instructions remain unchanged.

Yours faithfully,

DORIS KYAKA
MANAGER, SUPPLY CHAIN
